

A man wearing a yellow hard hat and a blue and white plaid shirt is smiling broadly and giving a thumbs-up gesture. He is looking towards the camera. In the foreground, the back of a laptop is visible. The background shows a construction site with a house under construction.

improvement
projects
more efficient,
less stressful,
better organized.**

A New Idea for Home Improvement

connected
contractors.com

organize • network • communicate • conquer home improvement

We're all busy...and only getting busier.

Homeowners

Homeowners know that maintaining and improving property requires planning, careful coordination and consistent monitoring.

Contractors

Contractors agree that running a home improvement business is an all-consuming commitment with seemingly endless hours.

Working Together

Wouldn't it be great if there were a place where we could all come together and make each other's job easier?

Introducing

ConnectedContractors.com, an interactive web-based toolbox that aids organization, networking and communication. For the benefit of business owners and their clients.

great for homeowners

WorkShare Improves Communication Between Contractors and Customers

ConnectedContractors.com uses an online workspace called WorkShare to enable businesses and customers to work together and easily share and organize information.

WorkShare replaces scribbled notes and voice messages with tangible, workable documents that are compatible with each party's workspace at ConnectedContractors.com.

The result?

Better communication, superior customer service, and increased efficiency for both the business and the homeowner.

Log-on to www.ConnectedContractors.com, your online home improvement network, and get ready to conquer home improvement!
